

## What to do during summer holiday?

After a whole school year of hard work, you may be wondering what you can do during the summer holiday. Here are some suggestions.

### 1. Rest

Don't feel guilty. Take some time to rest. You deserve it after a year of hard work.

### 2. Movies

See the latest movies or just pick one of the old movies that you have missed. Make it a family movie night every week.

### 3. Beach or swimming pool

When you're feeling a bit bored, a dip in the water will revitalize your mood. Of course, make sure to protect your skin with a hat and sunscreen.

### 4. Learn a skill

You might be interested in learning new skills such as cooking, playing soccer, playing a musical instrument. The summer is a great time for that.

### 5. Read

You've got plenty of time to read. Although technology has taken a major part of our lives, there is nothing more entertaining and informative than reading a book. Choose a topic you are interested in and read about it during the summer holiday.

### 6. Writing

keep a journal of what you are doing during the holiday. Writing a diary helps you have a clear view of the events of the day. You might even give free vent to your artistic side and have a try in writing poems, short essays...

### 7. Travel

Visit places you have never been to. You don't need to make a long journey to find such places. They may be just near where you are.

### 8. Sport

If you are not already practicing a sport, think of taking up jogging, walking, tennis, soccer, or whatever... Make a decision about it and start exercising in order to be healthier, reduce stress and get ready for a new year of hard work.
