

## « In the bus »

This painting was painted in December 2017 by Laurie. It's entitled « In the bus ».

He was composed of windows, lights, chairs...

The main colours are blue, yellow, green, grey and black. Some contrasts are present on the windows. The girl has black hair, a blue sweat shirt, black pants and one yellow hand bag. She is standing up and we can't see her face.

This girl seems alone shy and serious.

Any body is in this bus, just this girl.

I took this picture last year when I come back home. My painting depicts loneliness of a teenager.
