

« PHOTOGRAPHY »

The title of the painting is "*photography*". It depicts loneliness and isolation at school.

"*Photography*" is a 2017-2018 painting by Clément.

It is composed of a man in the middle, there is a window on the left and the right. The main colours are blue and grey. I used a photography before painting.

The man is sitting. He has got black hair.

The painting has lots of colours. Through this painting I wanted to show loneliness and isolation of a student.
