

Art

Dessiner - To draw

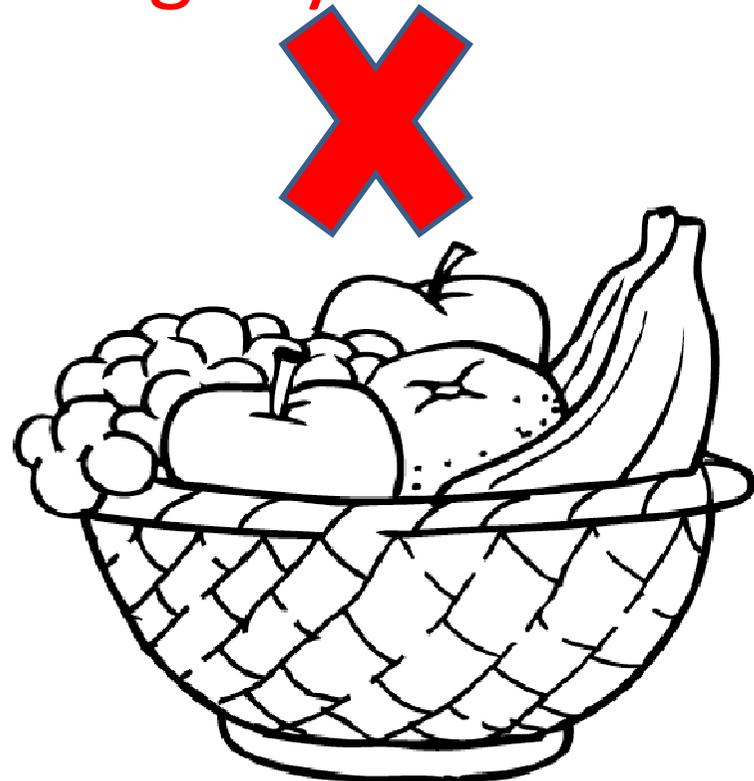

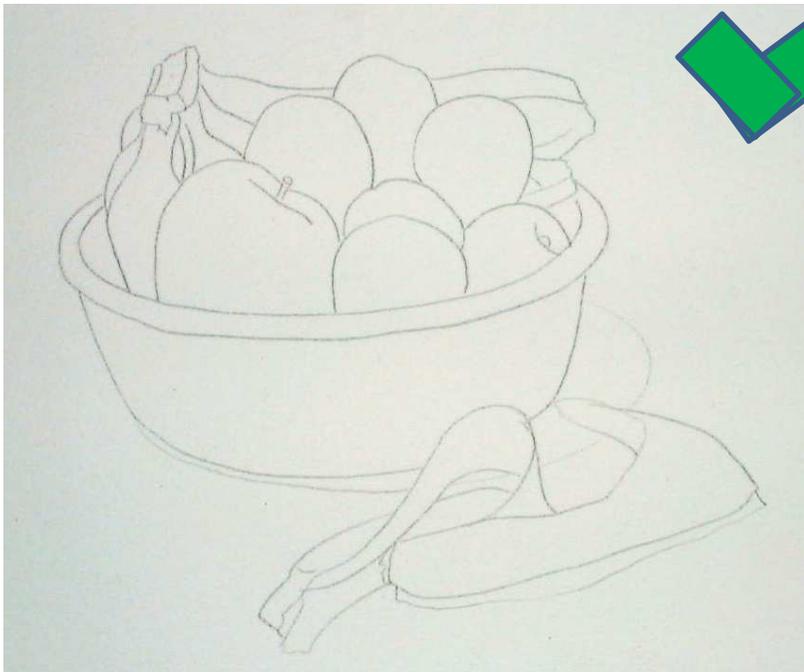

Ombrer - **To shade**

Commencer par -
Start with

Dessiner légèrement - Draw lightly

Today:

Nous allons dessiner un fruit avec un crayon de papier puis avec un fusain.

We are going to draw your fruit in pencil then charcoal.

Quand vous avez fini, vous pouvez dessiner à nouveau le fruit dans la case suivante en changeant de crayon.

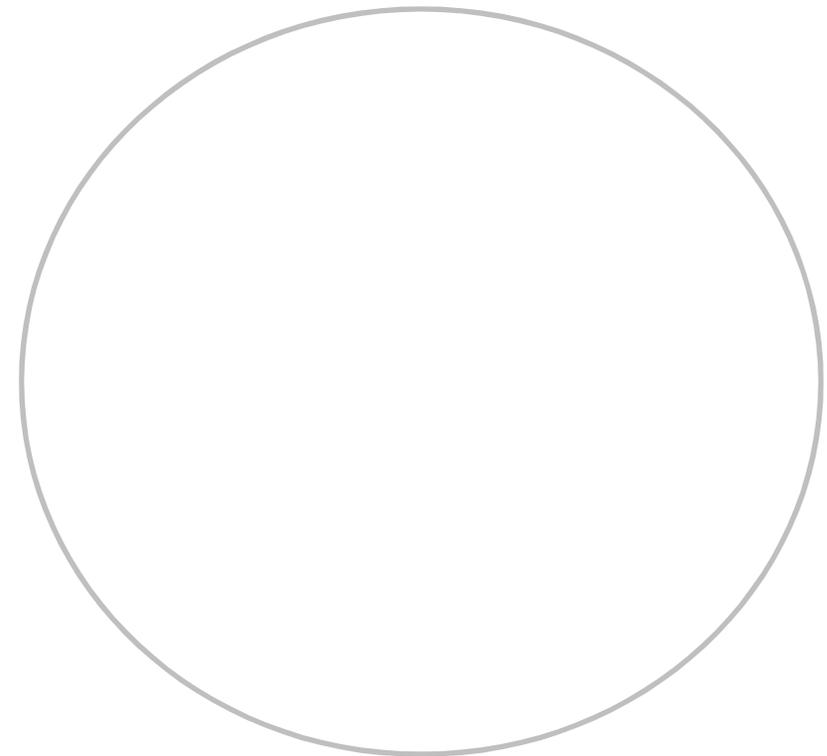

When you have finished, you can draw your fruit in graphite or a hard pencil in the next section.

F: Commencer par dessiner la forme générale.

E: Start with the general form.

Exemple:

For example:

F -Tout d'abord, dessiner légèrement la forme générale avec crayon de papier.

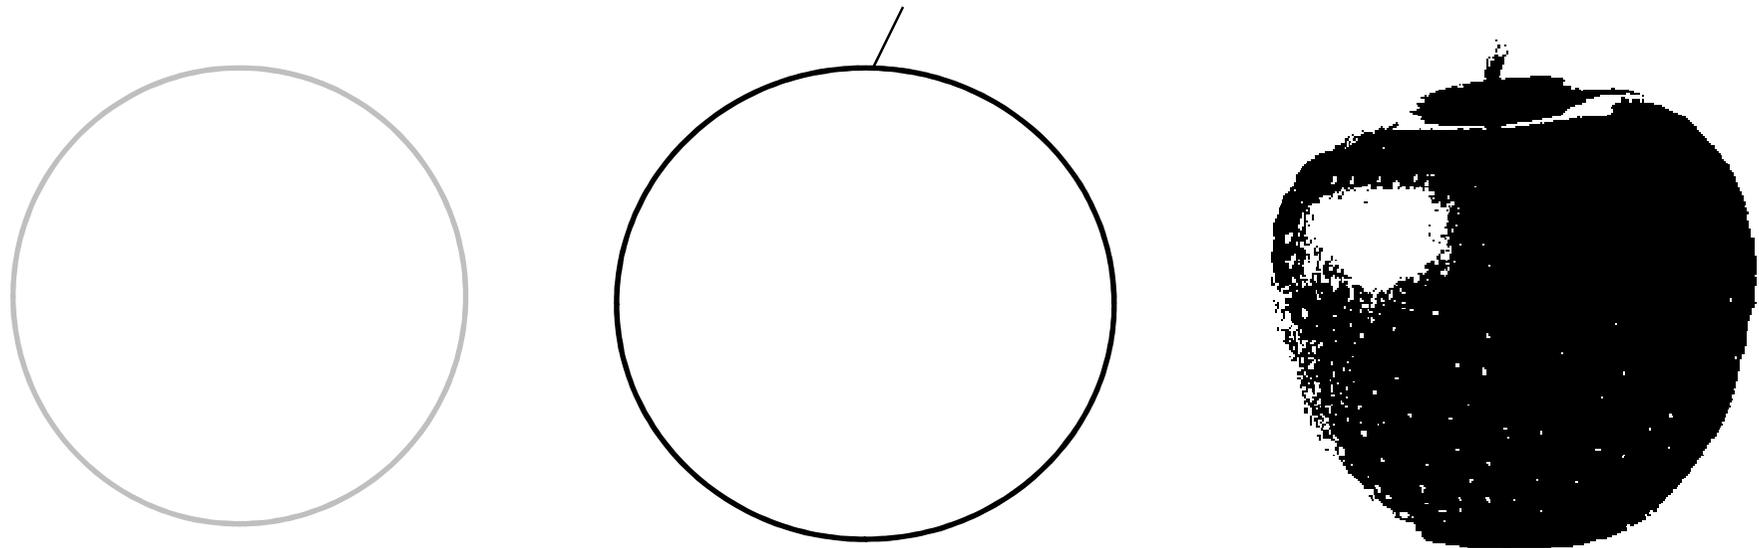

Ensuite, redessiner le contour avec un fusain.

Enfin, marquer les valeurs claires et les valeurs foncées.

E - Firstly, draw the general form in a HB pencil.

Then draw over with charcoal.

Finally shade in your shape.

Today:

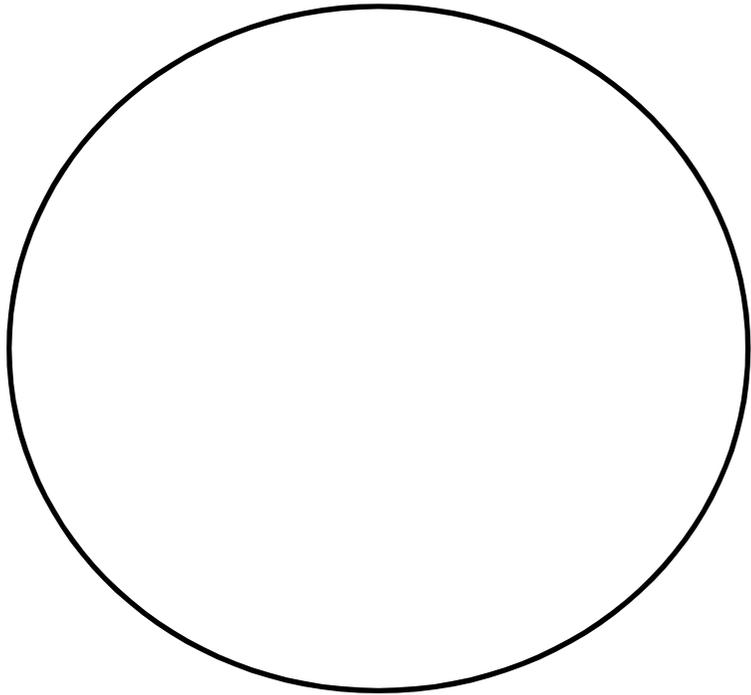

Nous allons observer les ombres.

Marquer les ombres permet de donner du relief.

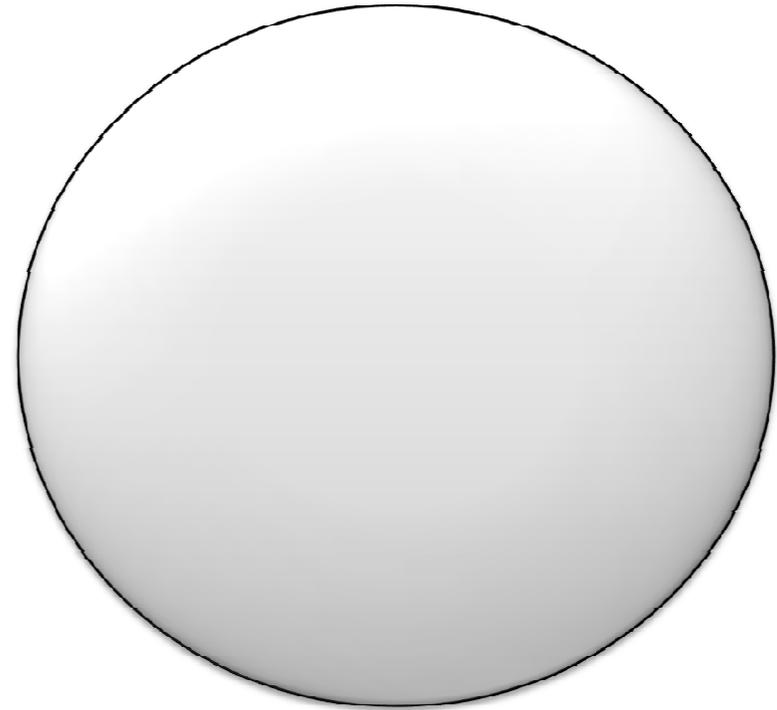

We are going to look at shading.

Shading can make a flat shape (2D) look real (3D).

2D and 3D shapes

Deux Dimensions
Two dimensional - 2D

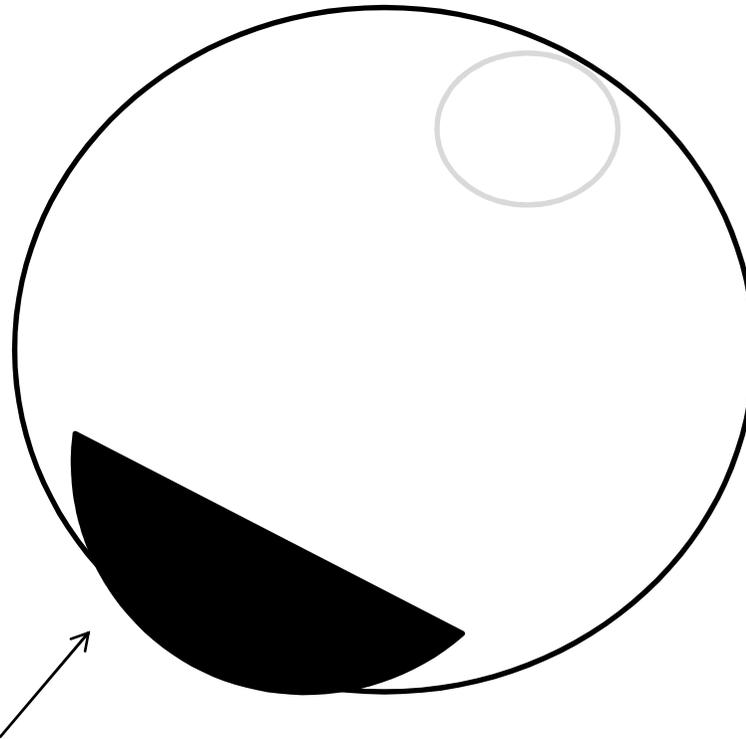

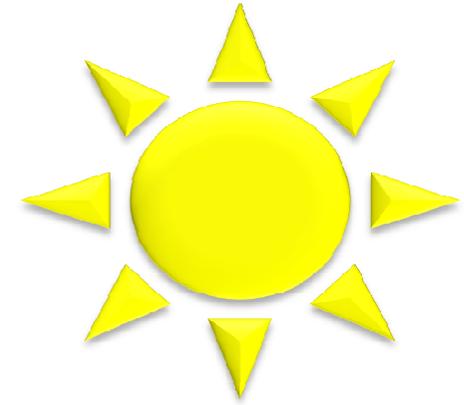

Trois Dimensions
Three
Dimensional - 3D

Just for a circle

Dessiner légèrement un petit cercle sur l'endroit le plus éclairé.

Lightly draw a small circle where the sun is hitting the circle.

Commencer avec le côté le plus sombre.

Start with the side furthest away from the sun.
