

**Question:**

What was Turing's mother's name?

- Maria Sara
- Kate Sara

By Valentine and Sarah

4B

**Question:** At the beginning of the film, where did Alan Turing go by train?

- To Oxford
- to Edinburgh

By Lucile and Emeline

4B

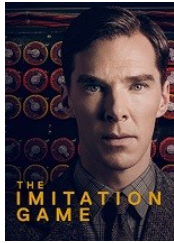

**Question:** Two policemen interrogated Turing. What were their names?

- Nock and Stahl
- Nack and Stahel
- Nock and Staehl

By Lucile and Emeline

4B

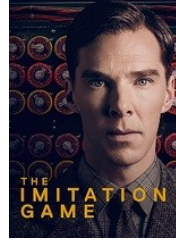

**Question:** A. Turing built the first computer called ACE. What does ACE mean?

- Automatic computing engine

By Lucile and Emeline

4B

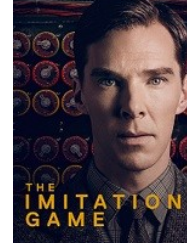

**Question:** Who was Christopher Morcom?

- Turing's best friend at school.
- Turing's colleague.

By Lucile and Emeline

4B

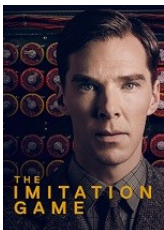

**Question:** It took Turing two years to create the ACE computer.

- Right ?

By Lucile and Emeline

4B

**Question:** Alan Turing died in 1954.

- Right ?
- Wrong?

By Lucile and Emeline

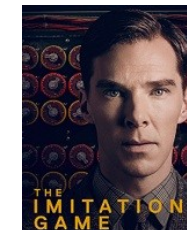

4B

**Question:** Was Alan Turing gay or straight ?

By Jeremie, Théo B and Axel L

4B

**Question:** Alan's colleague at Bletchley was called Hilton. What was his first name?

- John
- Peter
- Hugh

By Jeremie, Théo B and Axel L

4B

Answer :

Their names were Nock and  
Staehl

Answer :

He took the train to Bletchley  
Park — the secret cryptanalysis  
centre during WW2.

Answer : Ethel Sara

Answer :

Right. He built the ACE from  
1945 to 1947.

Answer : Christopher was Tu-  
ring's best friend at school.

Answer :

ACE means automatic computing  
engine

Answer :

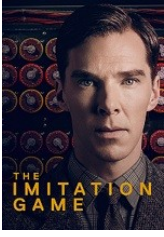

His first name was Peter.

Answer :

He was gay.

Answer :

Right. He died in June 1954.

**Question:**

Turing tried to break a German machine code, what was the name of that machine?

- Bletchley
- Fleissner

By Jeremie, Théo B and Axel L 4B

**Question:** Was A. Turing...

- a mathematician?
- a physician?
- a spy?

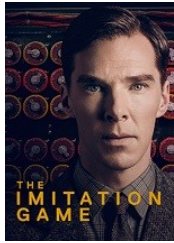

By Tia, Gemma, Tristan and Giovanni-4B

**Question:** Did Turing...

- ...talk to Churchill?
- ...write to Churchill?
- ...call Churchill?

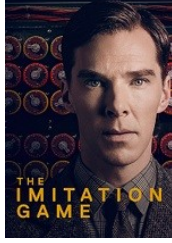

By Tia, Gemma, Tristan and Giovanni-4B

**Question:** When Joan visited Turing at the end of the film, was it in 1951?

- Yes

By Tia, Gemma, Tristan and Giovanni-4B

**Question:** How did Turing die?

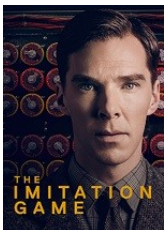

By Tia, Gemma, Tristan and Giovanni-4B

**Question:** Did Alan Turing start working on his machine alone?

- Yes
- No

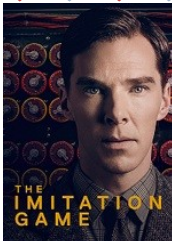

By Tia, Gemma, Tristan and Giovanni-4B

**Question:** What was the name of the girl in the film?

- Mary
- Sophie

By Valentine and Sarah 4B

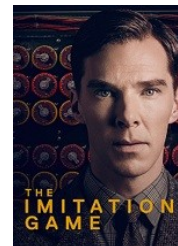

**Question:**

What did Alan Turing use to break the Enigma code?

- The Fleissner chart
- cryptanalysis

By Tia, Gemma, Tristan and Giovanni-

**Question:**

When did the Germans declare war?

- in 1939
- in 1927
- In 1944

By Emeline and Lucile 4B

Answer :

He wrote to Churchill.

Answer :

He was a mathematician.

Answer :

Turing broke the code of the Enigma machine.

Answer :

Yes, he did.

Answer :

He ate an apple with cyanide on it.

Answer :

Yes, the scene takes place in 1951.

Answer :

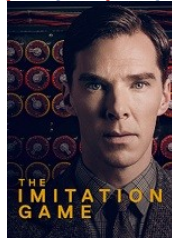

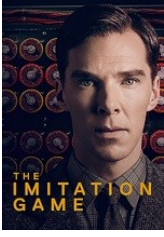

They declared war in 1939.

Answer :

He used cryptanalysis.

Answer :

Her name was Joan.

**Question:**

Now Turing is considered as a great inventor and a hero.

- Right?  Wrong?

By Emeline and Lucile

4B

**Question:** What was Turing's second name?

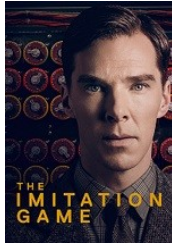

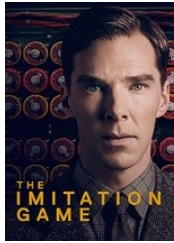

By Guilhem, Alizé and Abraham

4B

**Question:** Where did Turing work?

By Guilhem, Alizé and Abraham

4B

**Question:** What did Alan Turing commit suicide with?

By Guilhem, Alizé and Abraham

4B

**Question:**

How many combinations were there in Enigma?

By Guilhem, Alizé and Abraham

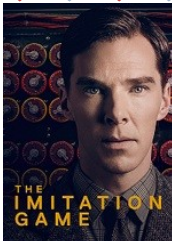

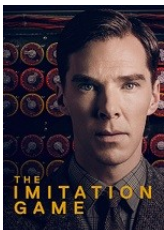

4B

**Question:** At the end of the film, who was the Soviet spy?

By Guilhem, Alizé and Abraham

4B

- 159 trillions (1,000,000x1,000,000)
- 159 billions (1,000 x 1,000,000)

**Question:** When was Turing born?

- In June 1912
- In October 1912

By Guilhem, Alizé and Abraham

4B

**Question:**

Why is a bitten apple the logo of the Apple company?

By Guilhem, Alizé and Abraham

4B

**Question:**

Why was Turing's machine called Christopher?

- it was a tribute to his father.
- it was a tribute to his brother.

By Guilhem, Alizé and Abraham

4B

Answer :

He worked at Bletchley Park.

Answer :

His second name was Mathison.

Answer :

Right. His invention saved millions of people during the war.

Answer :

The Soviet spy was John Cairncross.

Answer :

There were 159 trillion possible combinations in Enigma.

Answer :

He ate an apple with poison on it.

Answer :

Christopher was his lover's name.

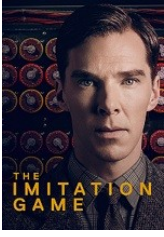

Answer :

It's a tribute to Alan Turing who died after eating a poisoned apple.

Answer :

He was born in June 1912.

**Question:**

What did Christopher Morcom die of?

By Guilhem, Alizé and Abraham 4B

**Question:** What did Turing invent?

- Dr Dre
- Hitler's "Nein, Nein!"

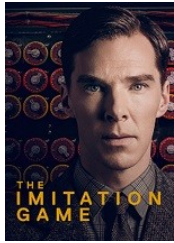

By Guilhem, Alizé and Abraham 4B

**Question:** How much did the Christopher machine cost?

- £ 1,000,000
- £ 100,000
- £ 10,000

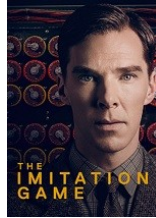

By Charles-Elie, Antonin, Zach 4B

**Question:** Was Alan Turing bullied at school? (*bullied = harcelé*)

- Yes, he was.
- No, he wasn't.

By Charles-Elie, Antonin, Zach 4B

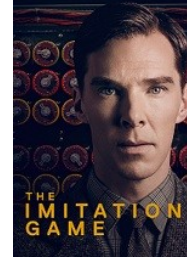

**Question:**

At the end of the war, what did the team of cryptanalysts do with all the secret papers?

- They hid them.
- They put them away.

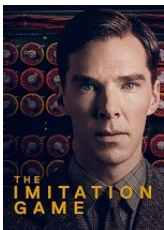

By Guilhem, Alizé and Abraham 4B

**Question:** Did Turing's team manage\* to break the code?

\* *réussir*

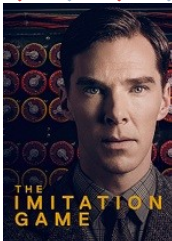

By Leila, Typhaine, Pauline 4B

**Question:** What is the title of the film?

- War Horse
- Alan Turing

By Leila, Typhaine, Pauline 4B

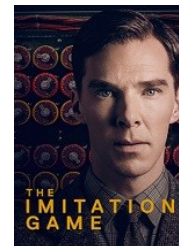

**Question:**

Was Alan Turing in love with Joan Clarke?

- Yes, he was.
- No, he wasn't.

By Leila, Typhaine, Pauline 4B

**Question:**

What was the name of the German Code Machine??

By Leila, Typhaine, Pauline 4B

Answer :

It cost 100,000 Pounds.

Answer :

He invented a machine.

Answer :

He died of bovine tuberculosis..

Answer :

Yes, they did.

Answer :

They burnt them.

Answer :

Yes, he was. Just because he was different.

Answer :

It was called Enigma.

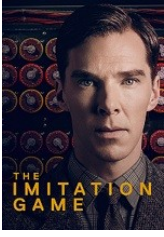

Answer :

Turing didn't love Joan because he was gay.

Answer :

The title is « The Imitation Game »

**Question:**

Where was Turing's father from?

- from Hawai
- From London
- From Scotland.

By Valentine and Sarah

4B

**Question:** When did Turing invent his first machine?

- in 1930
- In 1936

By Valentine and Sarah

4B

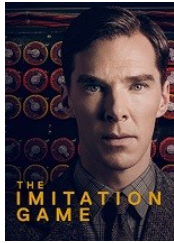

**Question:** Why was Alan Turing convicted and why did he stop teaching?

- because he was very sick
- Because he was gay.

By Naomie and Noémie

4B

**Question:** Why couldn't Joan Clarke work with Turing's team?

By Emeline and Lucile

4B

**Question:**

Was Turing nice to work with?

By Emeline and Lucile

4B

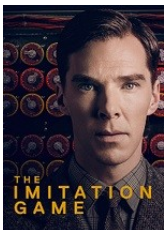

**Question:** When Turing became the leader of the team, who did he fire immediately?

- one colleague

By Antonin, Zac, and Charles-Elie

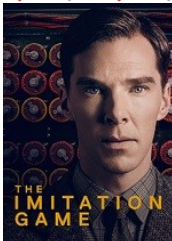

4B

**Question:** Did Joan Clarke live at Bletchley Park?

By Antonin, Zac, and Charles-Elie

4B

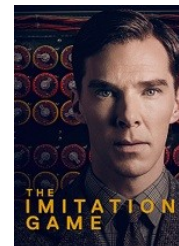

**Question:**

Was Alan Turing famous in the 20th century?

- Yes, he was.
- No, he wasn't.

By Antonin, Zac, and Charles-Elie

4B

**Question:**

What subject did Turing teach at Cambridge university?

By Antonin, Zac, and Charles-Elie

4B

Answer :

He stopped working because he was gay.

Answer :

He invented it in 1936.

Answer :

He was Scottish.

Answer :

He fired Furmanns and Richards.

Answer :

No, he was arrogant so no one liked him at first.

Answer :

She couldn't work with Turing's team because she was a woman and her parents didn't want her to work with men!

Answer :

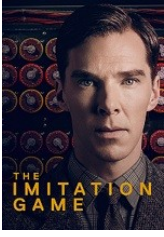

He taught Maths.

Answer :

No, he wasn't. His work stayed secret for many years.

Answer :

Yes, she did.

**Question:**

When did the film story take place?

- during World War I
- during World War II

By Naomie and Noémie

4B

**Question:** What was the name of one of Turing's colleagues?

- Hugh Alexander
- Menzies

By Jérémie, Théo and Axel

4B

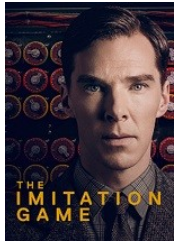

**Question:** How old was Alan Turing when he died?

- He was 51 years old
- He was 41 years old.
- He was 32 years old.

By Valentine and Sarah

4B

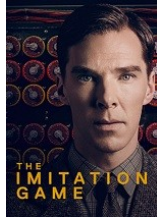

**Question:** What country was Britain's enemy?

- Spain
- Germany

By Clément

4B

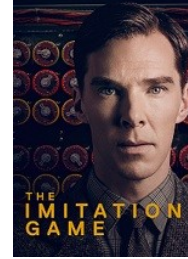

**Question:**

Who was a spy in Turing's team?

- John
- Peter

By Clément

4B

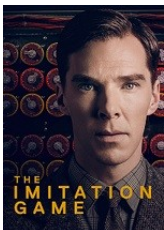

**Question:** Many German attacks were avoided because of Turing.

- Right?

By Théo D

4B

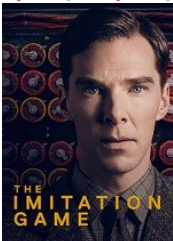

**Question:** How long did Turing suffer before he died?

- two years
- five years

By Valentine and Sarah

4B

**Question:**

What was the German machine called?

By Tristan

4B

**Question:**

When was Turing convicted for indecency?

- in the 1950s
- in the 1960s

By Clément

4B

Answer :

He was only 41 years old when he died.

Answer :

It was Hugh Alexander.

Answer :

It was during WWII.

Answer :

Yes, the British army knew the Germans' plans and could get ready.

Answer :

John was a Soviet spy.

Answer :

Germany was Britain's enemy.

Answer :

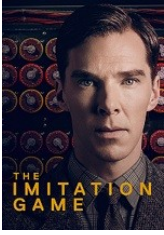

He was convicted in 1950.

Answer :

It was called ENIGMA.

Answer :

He suffered two years.

**Question:**

How many brothers did Alan Turing have?

- two
- five

**Question:** What were the two words that helped Turing decipher the German code?

- Heil Hitler

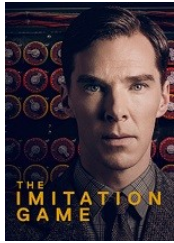

**Question:** Who funded\* Turing's machine?

\* a *financé*

By Valentine and Sarah

4B

**Question:** What was Turing interested in?

- gravity
- artificial intelligence

**Question:**

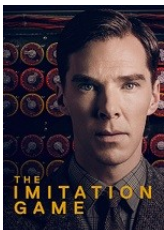

Was Turing married?

- No, he wasn't.
- Yes, he was.

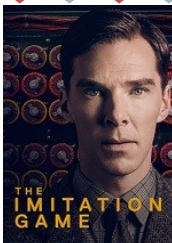

**Question:** Where did Turing's parents live, when he was a child.

- in India
- in Portugal

**Question:** What was Enigma used for, by the Germans?

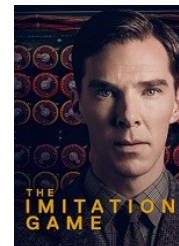

- to decode messages
- to encode messages

**Question:**

Who intercepted the German messages at Bletchley Park?

- a team of men
- a team of women

**Question:**

What test did he put in the newspaper to find new colleagues?

- a math problem
- an enigma
- a difficult crossword

Answer :

Winston Churchill funded the machine.

Answer :

The two words were « Heil Hitler ».

Answer :

He had one.

Answer :

His parents lived in India.

Answer :

No, he wasn't.

Answer :

He was interested in artificial intelligence.

Answer :

He put a difficult crossword in the newspaper.

Answer :

A team of women intercepted all the German messages and gave them to Turing's team.

Answer :

The Germans used Enigma to encode their messages.
