Descriptif :

On Friday, October 18, 2024, the students of the Seconde Bac Professionnel AMA (Craft and Art Professions) at the Lycée Polyvalent du Pays d'Aunis in Surgères took part in the #ErasmusDays 2024 celebrations.

► On Friday, October 18, 2024, the students of the Seconde Bac Professionnel AMA (Craft and Art Professions) at the Lycée Polyvalent du Pays d'Aunis in Surgères **took part in the #ErasmusDays 2024 celebrations** with a special event that **highlighted the international mobility opportunities provided by the Erasmus+ programme.**

► The students organized an exhibition open to other classes and the public, showcasing the **seven partner countries** of our vocational school : **Finland** (Savonlinna), **Denmark** (Skive), **Germany** (Beckum), **Spain** (Barcelona), **Cyprus** (Paphos), **Norway** (Steinkjer), and **Slovakia** (Martin).

► Since 2001, the Lycée Polyvalent du Pays d'Aunis has been deeply committed to **the Erasmus+ mobility projects**, giving students the opportunity to **expand their horizons** and **gain practical experience abroad**. Every year, a group of around ten students **travels to these partner countries** for five weeks, where they carry out internships in their professional fields. This invaluable experience allows them to **learn new skills**, explore different wood species, and **immerse themselves in diverse cultures**.

► Participating in **Erasmus+ mobility** is also a unique opportunity for students to **practice and improve their foreign language skills**. Whether it's **English, German, Spanish, or another language**, the Erasmus+ programme

encourages students to use their language skills **in real-world settings**, helping them **progress both professionally and personally**.

- ▶ The exhibition organized on **#ErasmusDays 2024** not only gave students a chance to **share their experiences** but also allowed the wider school community to **learn about the cultural and professional exchanges** taking place within the Erasmus+ framework.
- ▶ It was an exciting day of discovery, learning, and **international cooperation**, further **strengthening the ties between our school and our partner institutions across Europe**.
