What role does technology play in shaping our daily experiences ?

Descriptif :

The impact of new technologies on students' lives provides an excellent context for a pedagogical unit aimed at 3ème PM students, focusing on sharing opinions, constructing arguments, and producing cohesive written arguments. This topic is highly relevant to their daily experiences and offers numerous opportunities for engaging discussions and writing exercises.

This pedagogical unit is crafted and accessible through **Genially**, a platform dedicated to create interactive content for online learning.
