# workflow

# OpenSankoré (1/3)

# OpenSankoré (2/3)

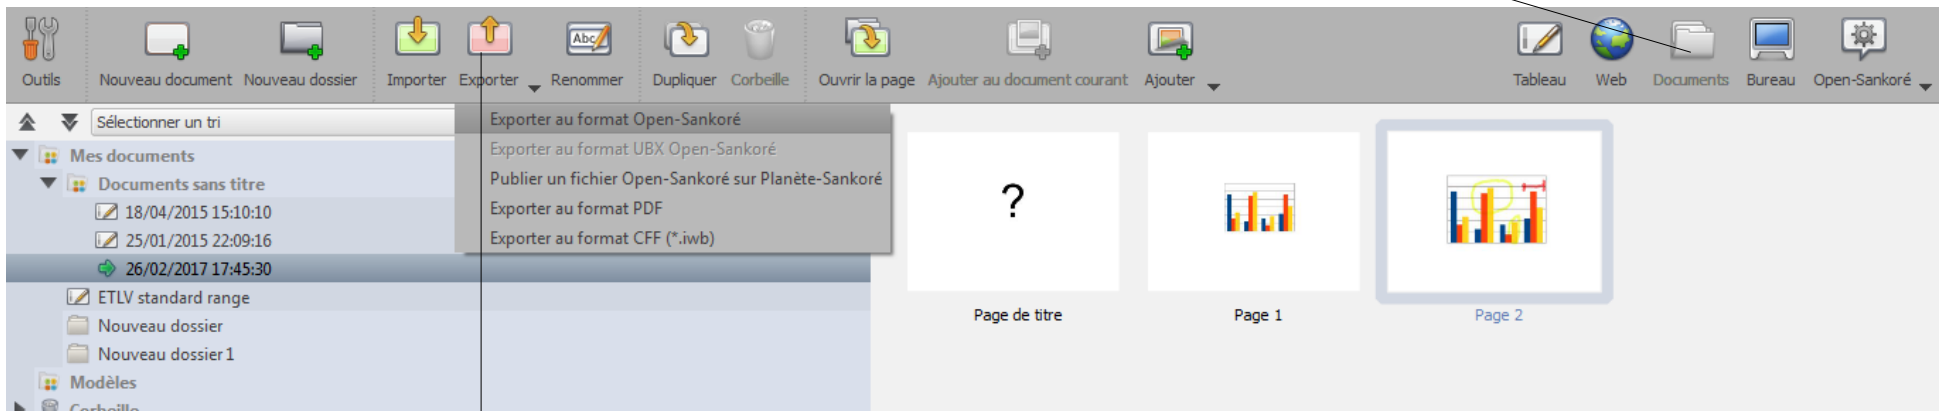

The screenshot displays the OpenSankoré software interface. At the top is a toolbar with various icons for editing and navigation. Below the toolbar is a presentation slide showing a bar chart with blue, red, and yellow bars. A yellow circle highlights a specific bar in the chart. To the left of the slide is a 'Pages navigator' panel showing three thumbnails: a question mark, a bar chart, and a bar chart with a yellow circle. The bottom of the interface shows a status bar with the text '2 / 3' and '17:51', and a bottom toolbar with icons for navigation and editing.

To switch pages (you can also use the arrows of the keyboard)

Pages navigator

# OpenSankoré (3/3)

To save the file, click the button « Documents ».

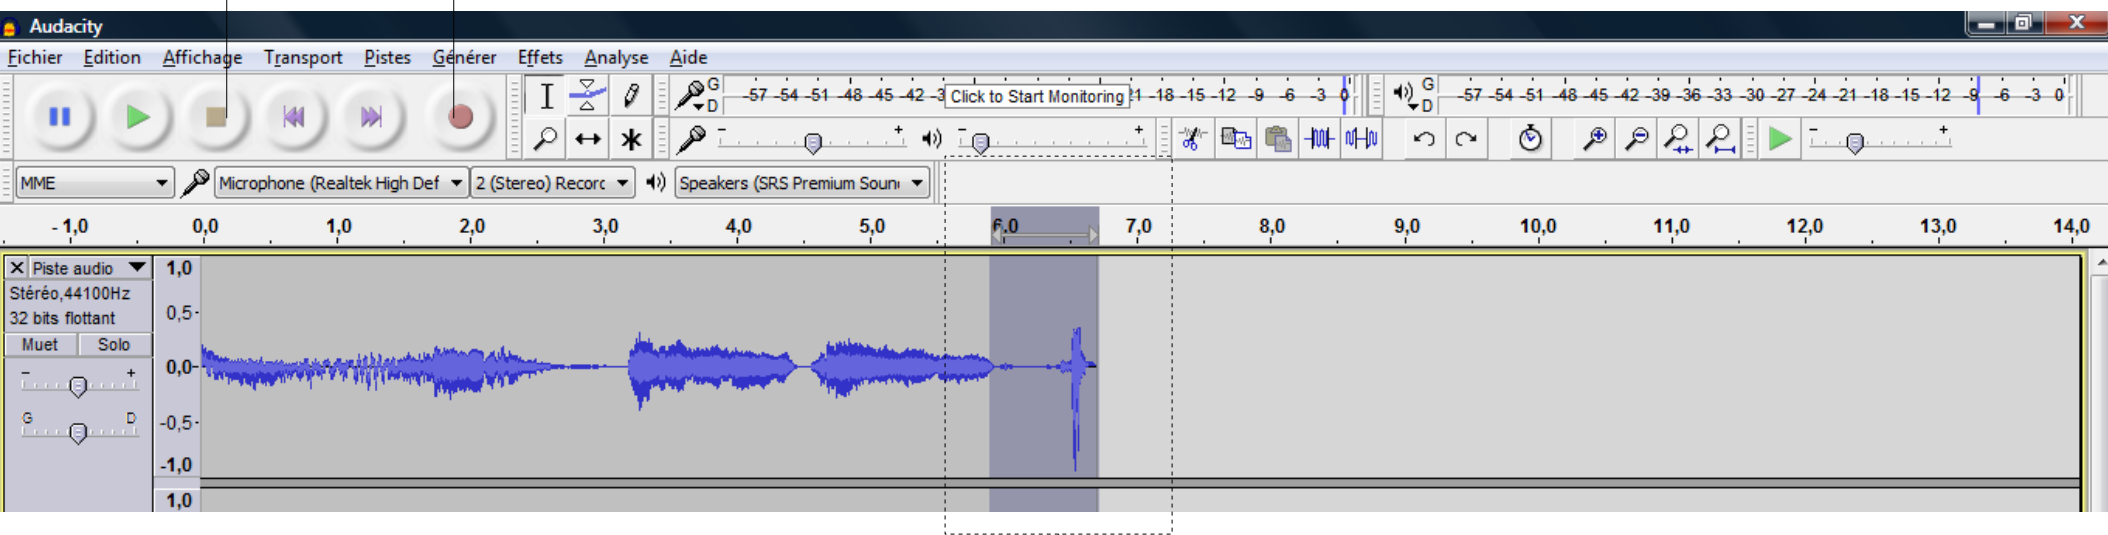

Then click « export » and choose « Open Sankoré format ».

# Audacity (1/2)

Click to stop  
recording

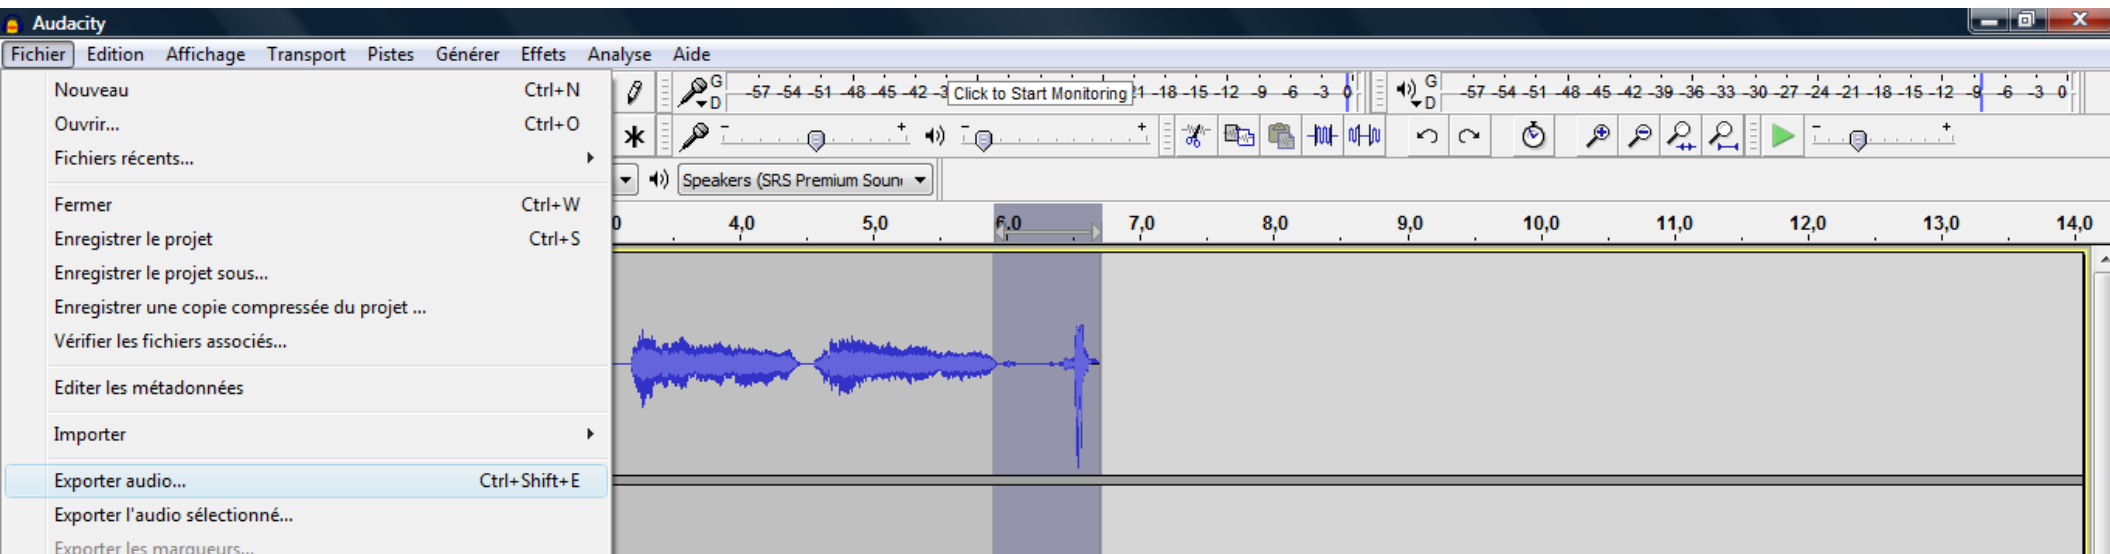

Click to record

To remove one part of the recorded track, select it by drag and drop and press delete key.

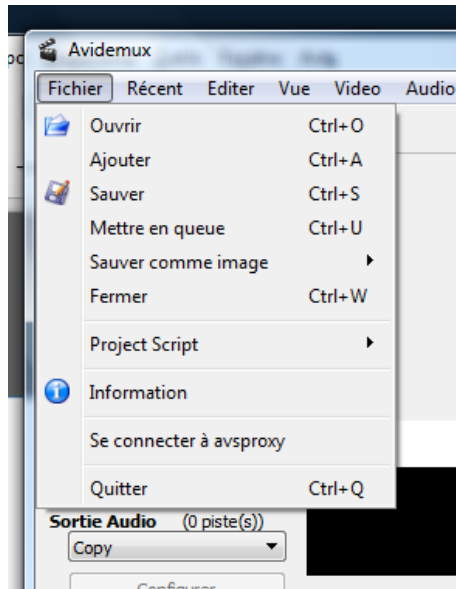

# Audacity (2/2)

To save the soundtrack, click « file » and choose « export audio ».

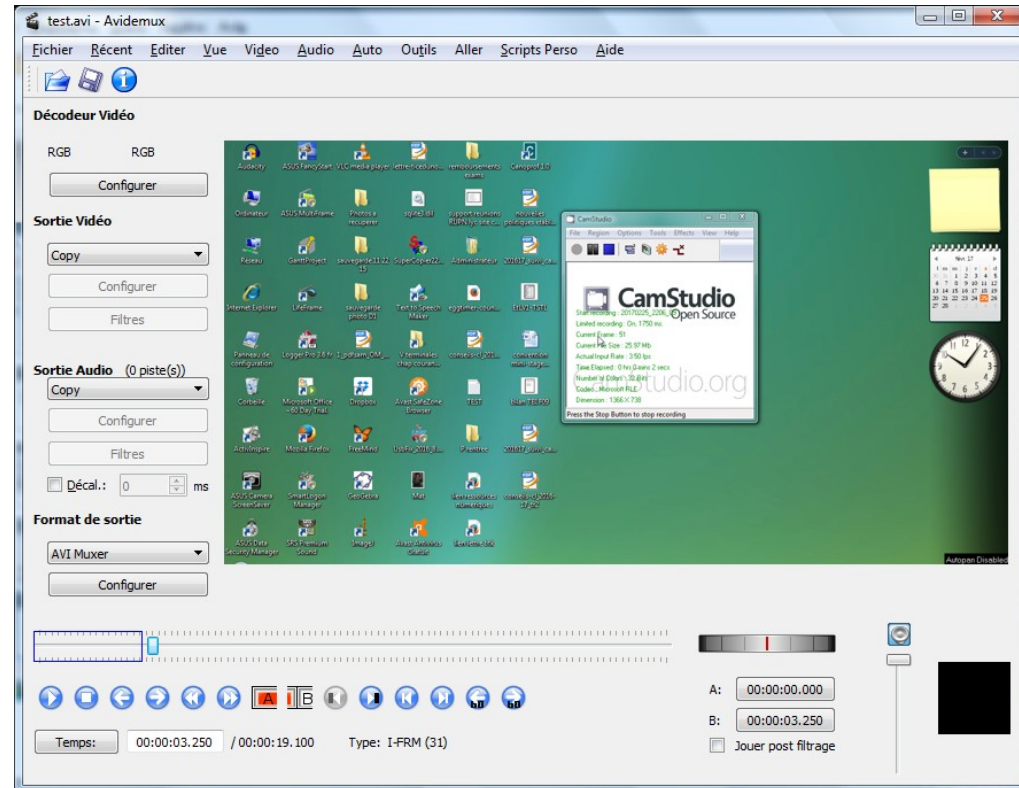

# CamStudio (1/2)

1) Open the video.

2) The video appears in the main window.

3) You can remove some parts of the video using Ctrl+ delete.

# CamStudio (2/2)

4) Add the soundtrack to the video.
